

AMP College & Career Readiness at WHS:

What's Next after high school?

Dear Parents,

We're excited to be back on campus this year with the AMP College and Career Readiness Mentorship Program. ***The first meeting is September 16th during Texan Time- Library computer lab!*** AMP is designed to help students envision and achieve their educational and career potential! Here's what you need to know:

Our Goal

To help students discover their talents and create bright futures by exploring various post-graduation paths.

What We Offer

- Career & interest exploration
- College and trade school information
- Financial aid and scholarship guidance (FAFSA/TAFSA) workshops
- Essential skills: Goal-setting, time management, networking, community service
- Help with college applications
- Guest speakers from various universities, professions and trades
- Scholarship search
- And much more!

Our Mentors

- Experienced educators from Wimberley community
- Passionate about youth development
- Dedicated to helping students plan their future

- Trained with Brilliant Pathways Curriculum

Who can attend?

- ALL students grades 9-12th are welcome!
- We are particularly focused on helping **first generation students** (the first students in the family to attend a post-high school trade school or college-if a sibling has attended college or trade school other siblings are still considered first generation) and students who do not yet have a clear path for their futures.

When We're Available

- Kick off informational meeting on Tues 9/16/2025
- Weekly meetings on Tue, Wed and Thur during Texan Time
- Computer Lab in the library
- After school for one on one appointments if necessary

Special Events

Throughout the year, we host "Anchor Events" including:

- FAFSA/TAFSA Workshop
- Campus tours of UT Austin, Texas State University and Austin Community College
- Tour of ACC Make it Center to explore trades and careers
- And more exciting opportunities!

Why attend AMP?

We understand that planning for life after high school can be overwhelming. Our free program offers personalized guidance to help your child uncover their unique talents, explore their passions, and make informed decisions about their future. We're committed to empowering every student to discover their potential and thrive after graduation

We hope your student will join us on this exciting journey of self-discovery and future planning!
